

Name: _____

Date: _____

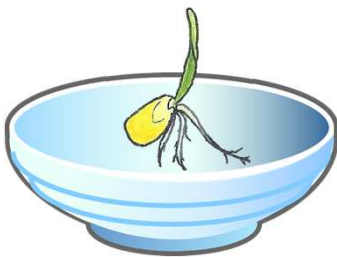

One or two?

✓ You will need:

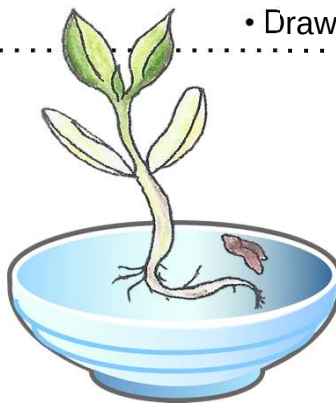

Runner beans, maize grains, radish seeds, 3 bowls, blotting paper, water

🔑 What you need to do:

- Allow the maize and beans to swell.
- Put the paper in the bowl and wet it
- Place one type of seed in each bowl.
- Let it germinate.
- Examine the seedlings and compare them with each other.
- Draw the plants below!

Maize

Bean

Radish

Observation:

Maize: A straight leaf appears.

Bean The bean halves turn into 2 oval leaves .

Radish: 2 heart-shaped leaves appear.

Explanation:

You can divide plants into those with one seed leaf

and those with two seed leaves .
